

Feelings Weather Wheel

Choose one kind of weather, more than one, or make your own. There is no correct answer.

A grown-up can ask

"Would you like me to know about your weather, or would you rather keep it private?" Reflect the child's words instead of translating them.

Cut-out pointer

Ask an adult to help with scissors and a split pin. Or point with a finger and skip the cutting.

My own weather word or picture
