

My Safe Grown-Ups

Write or draw only on paper. Nothing is typed or submitted online.

Check the plan together

A grown-up should check that each person is appropriate and available. Keep telling safe adults until somebody helps.

Words I can borrow

Practise one sentence, point to it, or make your own.

I need help with something.

I do not have the words yet.

Please stay with me.

I told somebody but I still need help.

For an adult

If a child shares a safeguarding concern, listen calmly, do not promise secrecy and follow the family or setting's safeguarding route.
